

Please give these helpful instructions to a relative, friend or neighbour who is happy to assist you...

Thank you for agreeing to help our friend stay connected with their parish community (St Alban's, St Hugh's & The Church on Oakwood). One of the ways you could especially help is by either:

- A. **Collecting a Newsletter** from the box outside of the Halls at St Hugh's (71a Derby Road, Borrowash, DE72 3HB) or St Alban's (Roe Farm Lane, Chaddesden, DE21 6ET) or...
- B. **Print one of our Newsletters** via:  
[www.stalbansderby.org.uk/news/newsletters/](http://www.stalbansderby.org.uk/news/newsletters/) or...
- C. If you have an unwanted tablet or laptop you could **set-up your relative, friend or neighbour on the internet** so they can watch the live streamed Mass each day via [www.derbycatholiclive.co.uk](http://www.derbycatholiclive.co.uk) or...
- D. **Burn onto a DVD a copy of our Sunday Mass** from our Derby Catholic Live website and here's how:

- Step 1: Order a pack of blank DVD-R's that you can record the Mass onto (aka burning a disc) e.g. a pack of 25 Verbatim DVD-R Discs is £6.19 on Amazon.
- Step 2: Download the Sunday Mass ISO Image File via the 'Video Resources' tab at [www.derbycatholiclive.co.uk](http://www.derbycatholiclive.co.uk)
- Step 3: You may already have DVD burning software but if not, I used the free software ImgBurn whereby once downloaded you:
  - i. Click on the top left option of 'Write image file to disc'
  - ii. Near the top click the yellow file in 'Source'
  - iii. Select the Sunday Mass ISO Image File
  - iv. Insert a blank DVD-R
  - v. When the bottom image of the ISO blue arrow to disc is coloured, click on it
  - vi. Finally click the 'Eject Tray' box towards the top & you'll hear music in around 10 minutes when the disc is burned.

Thank you very much indeed for your kind help,

*Fr David*
